Background Information

Scope and Content Note

This collection (cataloged on Bib #1437790) contains primarily correspondence, but also assorted miscellaneous items (e.g., bills, newspaper clippings, telegrams, deeds, scrapbooks) related to John Henry Caldwell and his family. Caldwell was born 4 April 1826 in Huntsville, Alabama. He attended school in Huntsville and later Bacon College in Harrodsburg, Kentucky. He taught school in Limestone County for four years before moving to Jacksonville in 1848. He served as principal of both the Jacksonville Female Academy (1848-1852) and later the Jacksonville Male Academy (1853-1857); he was an editor for the *Jacksonville Republican* (1851-1852) and the *Sunny South* (assumed editorship 1855). He was a member of the Alabama House of Representatives (1857-1858), was admitted to the bar, and began his practice in Jacksonville in 1859. He enlisted in the Confederate Army at the commencement of the Civil War, organizing Company A of the Tenth Alabama Regiment from St. Clair and Calhoun Counties. He was promoted to major and then lieutenant colonel, serving in the Army of Virginia. He was elected solicitor for the tenth judicial circuit in 1863, deposed by the Provincial Governor in 1865, re-elected the same year, and removed from office in 1867 for refusing to obey military orders. He was elected as a Democrat to the 43rd and 44th Congresses (1873-1877), after which he resumed his law practice, and also served on the Board of Trustees for the University of Alabama. He died in Jacksonville on 4 September 1902. He is buried in Jacksonville Cemetery.

The bulk of the materials are personal correspondence dating from 1848-1912 written by and concerning John Henry Caldwell, his wife, Mary Darthula Greer Caldwell, their children and immediate family and friends. Later generations of the family added in correspondence and genealogical research-related items in the 1930s-1960s, and a genealogical study [incomplete] was compiled in 1991.

The Caldwell family is closely related to the Forneys and Daugettes. Genealogical research has also been done on the Abernathy, Greer, Hoke, Ramseur, Stevens, Stevenson, Swope, Upham, Vance, Whittaker, and Wylie families, which are related to John Henry Caldwell through his wife, Mary Darthula Greer Caldwell. [see related materials]

Future additions to this collection are not expected.

Provenance

Exact provenance is unknown. One of the original folders containing collection items carried a notation "given to the library by Col. Worden Weaver, 1989." Most of the items appear to have been donated by Col. Harvey E. Sheppard of Winter Park, FL. Sheppard was related to the Caldwell family by marriage (his wife, Josephine Sheppard, was the great-granddaughter of John Henry and Mary Darthula Greer Caldwell). Sheppard notes in a 1991 cover letter to his genealogical study of the Forneys-Caldwells (also contained in the collection) that he was donating additional items from the Caldwell estate at the behest of Josephine Caldwell Lay (Caldwell's granddaughter and Sheppard's wife's aunt) and Annie Daugette (a

Caldwell cousin and wife to JSNS President Clarence William Daugette); the letter stated that Caldwell items had also been donated in 1974 and 1975, sent through Col. Weaver. In 2020, after the collection had been described and digitization was complete, a box of Caldwell letters was found to have been discarded from a librarian's office and was retrieved; it is likely they were part of the original donation, had resided in the History & Geography Librarian's office until her retirement, and were never put into the Alabama Gallery with the rest of the materials. These letters were described at the time of discovery and added in as a second set of chronologically-arranged correspondence ("Addendum Personal Correspondence 2"). See Collection Inventory for more information on individual items.

Processing Information

Arranged and described by Bethany Latham, 2017; updated, with assistance from Kimberly Stevens and Yolanda Cox, 2022.

Name List by Bethany Latham, Yolanda Cox, and Noah Cleveland, 2022.

Physical Condition

The items were originally contained in 3 binders and multiple manila folders; the second set of correspondence discovered at a later date (see provenance above) was in a cardboard box, with no identifying or other information. Items in the binders were both loose-leaf and in sleeves (non-archival, sticky, and damaging); some letters in the binders were packaged with typed transcripts. Other items were grouped together with paper clips or rubber bands and had brief handwritten or typed notations regarding their contents and/or origins. The contents of these notes has been preserved and the notes discarded; see entries in Collection Inventory for details.

The majority of the letters and other documents are in good condition with easy readability. A few are illegible, faded, stained, torn or in pieces. The newspaper clippings are fragile; some are torn or in pieces.
