## Spring 2020 | COVID-19 Reflection

**Name:** Jianping Huang

**Faculty Rank:** Assistant Professor

**Department:** Management and Marketing

**School:** Business and Industry

My classed changed to online. I have taught online classes during summer sections; therefore, I was not as struggled as other professors. However, I spent about a week to prepare a presentation on Team to the students from marketing and social work classes. This is the first time I use Team. I found out as soon as I share my slides with students, my camera disappeared. I wish students can see my face and the video at the same time so we can do some interactions. I know Zoom can do it, but I heard Zoom is not secure!
