Extent

1 box (274 photographs), 18 bound scrapbooks, 292 total items

Background Information

Scope and Content Note

This collection contains printed photographs and scrapbooks created by the University's International House. The photographs depict former residents of International House. The scrapbooks were compiled annually from the 1940s-1960s to document residents and House events and activities for a particular year.

JSU's International House Program began in 1946 with four students from France and originally focused on language. While emphasis is still placed on languages, today great importance is placed on promoting global understanding and peace between all nations and cultures. Each year, 40 students are accepted to live at the House; each international student is from a different country and is roomed with an American student.

Provenance

These items were transferred to the Library by Chandni Khadka-Walsh, Director of International House, in January 2021. They were previously located in the International House basement and the Director's office. See attached Memorandum. A second set of photographs unintentionally left out of the first donation was later discovered by International House and transferred to the Library in May 2021.

Processing Information

Arranged and described by Bethany Latham, 2021.

Physical Condition

The items were previously located in a climate-controlled environment in the basement and Director's office at International House. The scrapbooks were taken out for public display once a year, so have some signs of wear and handling. The photographs were hanging on the wall in frames; International House removed the items from their mats and frames before transfer to the Library. All items are in good condition.
