Background Information

Scope and Content Note

This collection (cataloged on Bib #560716) contains programs, menus, ticket stubs and magazines related to theatre, opera, and concert performances (primarily the Metropolitan Opera, but also various other venues) attended by Meta Perkins Hightower Montgomery (1919-1996). Montgomery, a native of Mississippi, married Hugh Battles Montgomery, a major in the US Army. Major Montgomery's last posting was to Fort McClellan, Alabama, from which he retired, and both he and his wife spent the remainder of their lives in Jacksonville.

In addition to the items above, one small box (approximately 9"x11"x1") of miscellanea contained newspaper clippings, photographs from World War I (possibly of George Hightower) and the 1920s, telegrams from members of the Hightower family, and various manuscript items (eg, poems). These items were offered to and accepted by Mississippi State University Libraries, which has a substantial collection of archival materials related to Meta Montgomery and associated families (eg, Hightower, Perkins, Castles and Stiles). The materials were transferred to the special collections section of Mississippi State University Libraries in February 2022.

Provenance

The provenance of these items is unknown; a catalog record was created for them prior to 1999. Neither Montgomery, her husband, nor any children seem to have attended or been affiliated with JSU. There is also no connection with JSU President Theron Montgomery. It is likely the items were donated to the Library upon Meta Montgomery's death in the 1990s.
