Houston Cole Library

Title

Addresses and Speeches by Alabamians

Date

circa 1919-1983

Extent

1 box, 39 total items

Background Information

Scope and Content Note

This collection (cataloged on Bib #2792679) is comprised of printed copies of speeches and addresses given by Alabamians. The collection was put together by Dr. Alta Millican, Dean of Library Science, Communication and Instructional Media (retired 1986), most probably at the behest of Dr. Ernest Stone, University President at the time, and contains speeches sent to her by Dr. Stone as well as those she collected herself. She labeled them "Important Speeches of Alabamians" and stored them in a vertical file. Dr. Stone referred to them as "Great Speeches by Great Alabamians" and noted in correspondence that the original idea was to laminate or microfilm the speeches in order to make them "available to the public on a restricted basis from now to eternity."

(Sources: Information found in the materials.)

Arrangement

This collection is arranged alphabetically by the last name of the speaker:

- Box.
 - *Folders A – W.*

Administrative Information

Access and Use

This collection is open to researchers under the guidelines set out in the *Houston Cole Library Policy and Procedures Manual*, Alabama Gallery section. Please consult the policy for specific instructions.

For questions or further information about usage rights, please contact the Library's Digital Projects & Special Collections Department at 256.782.8195.

Preferred citation

Addresses & Speeches by Alabamians, Houston Cole Library, Jacksonville State University.

Provenance

These items were collected by Dr. Alta Millican, who stored them in the Library's general vertical file under "Important Speeches of Alabamians." This file, which consisted of several filing cabinets' full of materials, was evaluated and most materials culled when the Library lost its collections space on the Second Floor in 2020. The environment for the vertical file was climate controlled, but the file folders were not archival.

Processing Information

Arranged and described by Bethany Latham, 2023. Additional found items added September 2024.

Physical Condition

All items are in good condition.

Container Contents and Collection Inventory
