Chambers	Elmore	Marion	Tallapoosa
Cherokee	Etowah	Marshall	Walker
Choctaw	Fayette	Morgan	Winston
Clay	Franklin	Pickens	TOTAL, 29
Cleburne	Jackson	Randolph	Georgia
Coosa	Jefferson	Shelby	

CHANGES IN THE FACULTY.

Mr. Claud R. Wood, extension director and head of the mathematics department, is studying at Peabody College. His place is being filled by Mr. A. C. Shelton, who is a graduate of Livingston State Normal School and is a B. S. of Peabody. He has had several years experience in teaching in Alabama and Georgia.

Mrs. C. R. Wood, librarian, is also studying at Peabody College. During her absence Mrs. E. R. Wren is acting librarian.

Miss Ethel Mitchell takes the place of Miss Ida Graham, resigned, as critic of intermediate grades and teacher of education in the Normal School. Miss Mitchell holds B. S. degree from Peabody and is a teacher of a number of years experience.

Lance J. Hendrix, teacher of foreign languages and assistant in English, is studying this year at Columbia University. Miss Emma Stith, B. S. 1924 of Peabody College, is filling his place. Miss Stith is also a graduate of West Tennessee State Normal School, in which school she was a critic in 1923. Part of last session she was assistant in English and Psychology at Florence State Normal.

Owing to the resignation of Miss Mary Robison, the department of Physical Education for Women has a new teacher in the person of Miss Mary Jane Alexander. Miss Alexander is a graduate of Middle Tennessee State Normal School, was a student at Columbia University 1922-23, and holds B. S. degree from Peabody College 1924.

The department of history has also undergone a change. Miss Mary Enzor re-elected to this position owing to the illness and death of her mother, was unable to return this year.

Mr. L. B. Field, an A. M. of Princeton University, is now in charge of this department. He comes to this school from Sophie Newcombe College in New Orleans where he was teacher of history.

IMPROVEMENTS.

Within the last few months, our Main Building has been improved greatly. The old stairway in what was the original building has been torn down, the interesting but unsatisfactory old door has been replaced by a substantial storm entrance, and the general appearance has been improved by paint and Alabastine.

The library has been more than doubled in size by the removal of a partition and the equipment of the class-room thus included.

The music department has been moved from the Main Building into what is known as the "Wood Cottage." The partitions have been removed and other changes made which make it a very comfortable and attractive studio.

Heretofore there has been no supervision of the boys' dormitories. This year conditions have been greatly improved by placing a member of the faculty in charge of one building and a matron in charge of the other.

The gymnasium has been lengthened eighteen feet and three rooms have been added to the training school. A swimming pool has been completed, but owing to the unsatisfactory water supply we shall not be able to use it before spring.

A new athletic field has been added—the block immediately in front of the school grounds which contains one house and lot.

EXTENSION DEPARTMENT.

The Field Extension Department is making it possible this year for

teachers in 14 counties to pursue work towards graduation while teaching. Four hours' credit can be made in this way each year which will greatly aid those desiring the work towards a normal school diploma. Each person who completes this four hour course is also awarded a reading circle certificate which extends and keeps alive certain state certificates.

The extension work is very popular in the Jacksonville Normal territory. Twelve of the regular instructors are going out conducting these courses. Many county superintendents have seen so much good work done by the extension courses that they are asking all teachers to take advantage of this opportunity. It is regarded by educators as the most effective means of training teachers in service. It brings the normal school to the teacher who is unable to go to the normal school for improvement and professional preparation.

Extension classes have been organized in the following counties: One in Blount, two in Calhoun, two in Cherokee, two in Chilton, one in Clay, one in Cleburne, two in DeKalb, three in Etowah, two in Marshall, two in Randolph, (Chambers county teachers attend in Randolph county), two in St. Clair, one in Talladega, two in Tallapoosa.

Making a total of 23 centers.

—A. C. SHELTON.

THE TRAINING SCHOOL.

Benjamin W. Frazier

The number of Seniors doing practice teaching has almost doubled in the past two years. Between 40 and 50 were teaching during the Fall Term of 1924. In order to furnish adequate facilities for them, efforts to afford superior service to the children of the town have resulted in a very large increase in the Training School enrollment. The enrollment for 1923-24 was 327.

Five new rooms have been added to the Training School, a large number of new desks ordered and other material improvements afforded. Thirteen rooms in the Training School Building and three in the Main Building are utilized.

The Junior High School was pronounced by the State Inspector to be among the leaders in Alabama of this type of modern school. Graduates completing their work in the Training School locate in some of the best schools of the State, including Birmingham, Gadsden, Anniston, and all the smaller towns and in the larger consolidated schools. Almost one-third of the teachers of the year 1924-25 are young men, many of whom are planning for work in county and city school administrations.

Seven regular teachers and critics assist young teachers to acquire skill in instructing children, and four other teachers in the Normal School have regular classes in the Training School in Art, Physical Education, Music and French. The Training School is the practical laboratory around which much of the work of the Normal School revolves and a continuous effort is made to make every hour of the 180 hours required in practice teaching profitable to the student. A number of students have come to this institution in order to take advantage of the excellent opportunities afforded to complete their practice work.

School News

LOVING CUP PRESENTED TO DR. C. W. DAUGETTE AT ASSEMBLY
ON THE MORNING OF OCTOBER 14, AND DINNER GIVEN
BY THE FACULTY IN HIS HONOR THAT EVENING
AT THE DORMITORY.

The program for General Assembly is under the direct supervision of Dr. C. W. Daugette, president of the institution; however, on the morning of October 14, there was an unexpected number on the program, that is, it was not arranged by Dr. Daugette and came as a complete surprise to him. When he called on the teachers to make their announcements, Miss Weatherly, Secretary, arose and mentioned the fact that that date marked the close of Dr. Daugette's thirty years connection with the school, also the anniversary of his birth, since he first came to the school as science teacher on his twenty-first birthday. Miss Weatherly gave a brief recital of events that have taken place since she first became connected with the school eighteen years ago and drew the comparison between that time and the present, which showed the wonderful development of the school under the guidance of Dr. Daugette and the great work that he is doing for the young men and young women of Alabama. In closing in behalf of the faculty Miss Weatherly congratulated Dr. Daugette upon his success and expressed the hope that he might be able to do even greater things in the years to come.

Following Miss Weatherly, Mr. Joseph L. Peterson, president of the senior class and representing the students, expressed their appreciation of Dr. Daugette's services to them and to the state and said that he felt it but fitting that the school should do something to commemorate his thirty years connection with the school and in recognition of his service. In behalf of the faculty and student-body Mr. Peterson presented Dr. Daugette with a silver loving cup.

That Dr. Daugette appreciated this demonstration of esteem on the part of the faculty and students was forcibly displayed in his speech of acceptance of the gift.

That evening in the dining room of the dormitory Dr. Daugette was entertained at a dinner by the faculty. Plates were laid for twenty-six. The table was beautiful in all its appointments, the decorative scheme being pink and white. Mrs. Lance Hendrix, dietitian, aided by the young ladies of the cooking class served a delightful repast. Dr. Daugette was in his happiest vein and contributed his share of the entertainment by telling some amusing stories and funny jokes.

—FLORENCE WEATHERLY.

VISITS OF PRESIDENTS WILLINGHAM AND SHACKELFORD.

This school was delighted to have as its guests on October 15, President H. J. Willingham of the Florence State Normal School, and President E. M.

Shackelford of the Troy Normal. They spent the day with the institution, visiting the different departments.

The faculty and students enjoyed a brief speech from each one of them at General Assembly. We hope to be honored with a visit from them again in the near future.

STUDENT CONFERENCE AT JUDSON COLLEGE.

Misses Jeanette Rickles and Weston Lyon represented this school at the Student Conference held in Marion, Alabama, at Judson College, October 24-25. Miss Rickles conducted devotional exercises on the afternoon of October 25, and read a paper, "Requirements for Entrance to the School of Christ." The slogan for this conference was "To Make Christ Campus Commander." These young ladies brought back a wonderful account of the conference. They each gave in detail the doings of the conference at a meeting of the Y. W. C. A.

Y. W. A. ORGANIZED.

Miss Hannah Reynolds, Secretary of Baptist Young Peoples' work in Alabama, and Miss Juliette Mather, secretary of Baptist Young People's work in the Southern States, came to Jacksonville on Monday afternoon, October 20, and organized a Y. W. A. of the Baptist young women attending this school. The following girls were made officers: Lucy McGraw, president; Weston Lyon, vice-president; Cola Ruffin, secretary-treasurer. Quite a number of girls were present and promised to give the organization their very best support.

FOOTBALL—1924.

The football season of 1924 began the first of September at Borden Springs, Alabama, which is our football training camp. Some thirty men reported for practice which lasted for two weeks.

At the opening of school the number increased to about fifty, showing an increase of about three hundred per cent during the past three years. Four teams have been running all Fall and two schedules have been played. These teams have been supplied with the best equipment available.

The varsity team, coached by C. C. Bush and John B. Steadham, played the following games with the results indicated:

Jacksonville	50	Camp McClellan	0
Jacksonville	14	Uni. of Chattanooga	13
Jacksonville	0	Howard College	27
Jacksonville	7	Springhill College	23
Jacksonville	7	Birmingham Southern	20
Jacksonville	12	Huntsville College	3
Jacksonville	20	Marion Institute	7
Jacksonville	35	Bryson College	13
Jacksonville	14	Troy Normal	9

The Normal High Team, coached by E. R. Wren, has played the following high schools with the results indicated:

Normal High 27	Piedmont	0
Normal High 13	Glencoe	12
Normal High 13	Sylacauga	13
Normal High 6	Oxford	6
Normal High 7	Center	7
Normal High 0	Gadsden Hi	14
Normal High 35	Camp McClellan	7
Normal High 25	Talladega	0
Normal High 6	Arab	0
Normal High 13	Geraldine	7

CALHOUN LITERARY SOCIETY.

There is an unusual opportunity this year for the Calhouns to prove their sterling worth. This opportunity lies in the fact that we are as yet small in number.

We are to take advantage of this fact by establishing a "CALHOUN SOCIETY" of enviable reputation—supported by the finest boys and girls and best workers in school. We are going to put the Society on the top.

We have a wide-awake, interested bunch; we have the pep and spirit to put the Calhoun Society where it belongs. We are willing to put our best into it and make our motto, "Be Thou A Man", the motto that means something to the school.

—LORIEN ANGLE and Others.

MORGAN LITERARY SOCIETY.

The Morgan Literary Society leaped away to a flying start early in the year. Albert M. Raines was elected President; Paul Machen, Vice-President; and Jesse L. Bain, Secretary.

A rush was made for new members and the Morgans got their quota in quantity as well as quality. With two consecutive victories behind, and the third just ahead, the officers and members are working enthusiastically to make this the banner year in the annals of the society.

PHYSICAL EDUCATION AND HEALTH CONFERENCE.

The meeting of the Physical Education and Health Department of the State Normal Schools of Alabama was held at Jacksonville under the direction of the State Department of Education on November 24-25, there being present Miss Frances C. Montgomery, State Health Nurse, Montgomery; Miss Mary D. Pierce, Director of Teacher Training, Montgomery; Mr. J. R. Sharman, State Director of Physical Education, Montgomery; Miss Nadine M. Driskill, Director of Physical Education, Florence; Miss Mary Richeson, Health, Florence; Miss Sarah Jenkins, Health and Physical Education, Livingston; Miss Allie M. Rymer, Physical Education and Health, Troy, and Mr. F. J. Frelick, Science and Physical Education, Daphne. The school offi-

cials and students were delighted to have the opportunity of having the visitors present. The following resolution was passed:

BE IT RESOLVED, That we, the Physical and Health Directors of the State Normal Schools of Alabama, now in session at Jacksonville, do offer our most sincere thanks and gratitude to:

1. Our sister school, her faculty and students for their kindly care and hospitality tendered us during our visit here.

2. To Dr. Daugeette for his entertainment and thoughtfulness in his recognition of our visit.

3. To Mr. Sharman for his smile and encouraging remarks after each analysis of our papers.

4. To Miss Pierce for her artistic, hydraulic power in pumping up answers to her own questions.

5. To Miss Montgomery for the suggestions brought to us from her rich experience in the actual firing line, and last but not least to our very charming hostess, Miss Alexander, for her thoughtful care and attention to our every want—from oranges at bed time to interesting and helpful demonstrations of her work at all times.

6. That a copy of these resolutions be spread on our memories and cherished till we meet again.

OPENING OF THE SPRING TERM.

The Spring term is always a full one due to the fact that the schools have closed and the teachers come pouring in to resume their courses.

Last Spring 715 were enrolled and even a larger number are expected the coming Spring. Reservations should be made early.

The summer term follows immediately after the close of the spring term. Preparations are being made now to take care of the increased enrollment during these two terms.

LOCATION, NAME, POSITION HELD, AND ADDRESS OF LAST YEAR'S GRADUATES.

Abernathy, Hazel—Teacher.....	Cedar Bluff, Ala.
Alexander, Irene—Teacher.....	Collinsville, Ala., Rt. 1
Alexander, Lizzie Kate.....	
Barnard, Lowell—Teacher.....	Arab, Ala.
Bates, Clara—Teacher.....	Anniston, Ala.
Bates, Florence—Teacher.....	Anniston, Ala.
Boozer, Lucile—Teacher.....	Eastaboga, Ala.
Boyd, Annie Ruth—Asst. Phys. Ed. Dept. Woman's Col.....	Montgomery, Ala.
Carlton, T. C.—Principal School.....	Stevenson, Ala.
Coleman, Helen—Teacher.....	Anniston, Ala.
