

House of Representatives,

Washington, D. C., April 10, 1878

My Dear Sir -

Yours rec^d.? You
are much more indebted
to Mr. White than you
are to me for Record. He
it is, who sends it regularly
each day. I was very glad
indeed to hear from you -
and glad to know you
was well. My friendship
like yours is unabated &
I appreciate your kind ex-
pression - We have re-
cently had to elect a
Doorkeeper, and your name
came up - and you would

House of Representatives,

Washington, D. C., _____, 187

have been gratified at the
unanimity of approval which
it elicited. Your friends
declined to allow your name
to be considered for such an
office. but it was clear that
you have a lodgment here
which made me feel gratified
and which must ripen into
substantial good to you.

I have nothing personal
to write about. I hope Alabama
will again ^{see} an emile in 46th
Congress & that I may continue
to have the friendship of her
Representatives - the same, as

House of Representatives,

Washington, D. C., _____, 187

I did in the present Congress
write me often. Truly
Yours & Advocate

Wm. John & Caldwell
