For nothing lovelier can be found  
In woman, than to study household good,  
And good works in her husband to promote.

—Hilton.

We want each other, as to  
comprehend  
the dream the hope, - things  
planned on earth we wrought -  
Companions, Comforter and  
spice and friend  
As much we love each love  
over thought ask thought,  
Life is as short, as fast  
the love hours fly,  
We ought to be together,  
You said I -

My hand is lonely ~~from~~ your  
claspings, ~~begin~~,  
my ear is ~~there~~, waiting for  
your voice

I want your strength to help,  
your laughter to cheer

Heart, soul and senses, need  
you, one all - all.

I drop without your full,  
frank sympathy

We ought to be together, -  
you and I -

# A Garden Lay.

If you're waking call me early,  
Call me early, Carl, my dear.  
For tomorrow will be a busy day  
In the garden here!

For I must rake and sow  
The centaurea and celosia.  
Next I should weed and hoe  
Digitalis and hemerocalis.  
Then turn the sulphur spray  
On Antirrhinum and aquilegia.  
Haul sand and leaves and clay  
To the muscare and convallaria.  
Must water, if there's no rain,  
Euphorbia and campanulata  
Should gently but firmly train

Convolvulus and bebonia.

Plant Liliun Candidum

In soil without lime,

Or with lime? I cant remember,

I s this the right time,

Or is it next September?

Plant lilies two or ten inches  
deep?

In sun or shade? I guess In asleep.
