

My Darling little boy –

Mama Caldwell and all the girls have been wondering what they need to get up to send you on your birthday, but you have all kinds of toys, so you don't need any more in that line, so Aunt Kate tried to make you some candy, but three times it was a failure, so she decided to send you some paper dolls she painted for you, you can give Gentner your little cousin

some if you want to, but you can do as you like about this. We all hope you will have many more happy birthdays – and next time we will send you something nice – love to Mama and all the family. I heard about you taking Mama and Aunt Cary [Carey], to the picture show, what a big man our little boy has gotten to be.

Mama Caldwell sent you a box of candy by Pete the other day did you get it or did Pete drop it out of his pocket. Come to see us soon

All well

Devotedly Mama
