

Huntsville, Alabama June 2, 1962

Mrs. Carl S. Lay, 204 Alpine View, Gadsden, Alabama

Dear Mrs. Lay:

Some time last fall I wrote to you and did not have a reply and hope that nothing has been wrong with either you or any of your family.

Since I visited with you two years ago, I have been tracing more and more on the relatives on all branches. And when you are not busy and I can find a day would like to come over and give you this information as you were so nice to help me with all you could remember and had at your disposal.

When I wrote you in the Fall, I asked you about your grandfathers part in the Civil War. In an old paper from Jacksonville I find that he was called Colonel but I do not find him listed in any of the books here in the Library.

Anything you can give me on his service, I will greatly appreciate.

Also I have wondered if you were able to secure the picture plates of great great grandmother Caldwell and her husband.

Also the one with the girls. I would certainly like to have these copied if you have not been able to secure the plates.

Will look forward to hearing from you,

Sincerely,

(Mrs.) Margaret F. Sparkman
