Hon John H. Caldwell:
Dear Cousin;

Excuse me for again troublin you, but I don't think your last, or Commissioner Gill's is satisfactory, for in the pention claim, of Mrs. Donaldson's being rejected in May of '75, on the ground of her marriage with Said Soldier before or after the Close of the war. I cant see how that has anything to do with her getting what was due him at his death, if he could have drawn it, at any time, why is it, that that she cant do what he failed to do. There is a hitch Somewhere. Please Search it out for us. She is certainly enttiled to what was due him at his death.

Yours Respectfully,
C.L. White
