Dear General:

Yrs 20th Just re'd: Have seen Thos Bradford Esqu, and in pursuance of your instructions retained him: He says he will get up all the points relative to the matter he can: remembers about his Father selling Baker some land, that was bid off by Judge Bradford at a tax sale; but don't know the no's: so please give us a full description of the land you bought of Baker and this land in controversy, by its legal subdivisions; Give us a detailed statement of the whole affair and inform us whether you desire suits brought in your favor and if so, against whom? or are you proposing to defend a suit, that you anticipate being brought against you. We can't determine which, from your's or Col Caldwell's letter. Rest assured however, that we are at your service and ready and willing, at any and all times, to either prosecute or defend for you or to do anything else, in our line, that will be conducive to your interests. Give us full instructions together with a synopsis of the facts.

Very Respectfully
Matthews & Daniel
